

# Autism Society of Michigan

Providing Answers, Solutions and Hope

## April is Autism Awareness Month

The Autism Society of Michigan connects people who live with autism (and those who care about them) with resources, support, advocacy and information tailored to their unique needs.

Autism is found throughout the world in families of all racial, ethnic and socioeconomic backgrounds.

Autism impairs a person's ability to understand and communicate with others.

1 out of 150 children are diagnosed with autism each year.

Autism is four times more common in boys than in girls.

Call the Autism Society of Michigan today for more information or to find a local chapter in your area.

For more information or to make a donation contact: 1-800-223-6722 or visit [www.autism-mi.org](http://www.autism-mi.org)
