

More Than Checking a Box Assistive Technology in the IEP

With Carolyn O'Hearn from Alt+Shift

THURSDAY, MAY 16, 2019

6:00PM – 8:00PM

Sign-in opens at 5:30PM

SEITER CENTER

1401 E Van Deirse Street
Greenville 48838

Assistive Technology (AT) enables people with disabilities to participate more fully in all aspects of their lives (home, school, and community).

AT can also help students access their right to a free and appropriate public education in the least restrictive environment.

This workshop will discuss AT in the IEP:

- developing a well-written PLAAFP statement to include the difficulties the student is experiencing
- establishing goals to address difficulties
- creating an implementation (follow-through) plan.

AT tools and resources will be covered as well.

RSVP with Debbie Rock by May 9, 2019

Please note: To be good stewards of our funding resources, we need a minimum number of participants registered by the registration deadline for the presentation to be held. If it is after the deadline and you haven't registered, please call or email to check the status of the event. If you require accommodations or materials in an alternative format, please let us know one week before the workshop.

Coordinated by the Michigan Alliance for Families. All workshops are free and open to the public. Michigan Alliance for Families is an IDEA Grant Funded Initiative of the Michigan Department of Education, Office of Special Education, and Michigan's federal Parent Training and Information Center (PTIC) funded by the U.S. Department of Education, Office of Special Education Programs (OSEP).
