All behavior is communication.

A child's problematic or inappropriate behavior is a sign that something is not right. The child needs support, not punishment.

This workshop will help you determine what the child is saying with their behavior and how to substitute a more acceptable way to communicate that message.

Who should attend? Families with a child with disability or learning challenges, school staff, other community members. **This is not an autism specific event, all are welcome.**

Hosted by Jackie Van Horn and Bethann Robins.
