---

6/21/19

Hello,

As many of you know, Caryn Pack Ivey passed away on May 27, 2019.

It is my honor to succeed Caryn as the new Project Director of Michigan Alliance for Families (MAF).

I've worked with MAF for the past five years, both as a Regional Parent Mentor (RPM) and as Statewide Mentor Support/Supervisor.

We have an incredible staff who are dedicated to helping families know their rights, effectively communicate their child's needs, and assist their child or young adult to develop and learn.

As Director, I will continue to fulfill MAF's mission of providing information, support and resources to families of children and youth receiving special education services or eligible to receive services across Michigan.

Thank you for your continued support!

Sincerely,

Kanika Littleton
