

# Michigan Alliance for Families is planning our future work supporting students with disabilities in foster care.

We are planning a meeting with groups and individuals that have an interest in supporting foster care youth and their caregivers.

Our purpose is to gather information about the needs of foster care youth/young adults with disabilities, as well as their families and caregivers.

## This foster care stakeholders' meeting will be an opportunity to discuss:

- Existing resources and support
- Transition services
- Independent living, post-secondary education, and employment supports
- Self-advocacy information and resources
- Gaps in service provision or barriers to accessing support and resources

## WHEN: Tuesday, August 24, 2021

Join us at the time that works best for your schedule.

**10-11:30AM**  
or  
**6:30-8PM**

## WHERE:

Join us on Zoom.
