

Assistive Technology for Trauma

with Ajaune Thomas and
Aimee Sterk

Wednesday, October 12

12:00pm-1:30pm
or

6:30pm-8:00pm

[Register at tinyurl.com/45en7c99](https://tinyurl.com/45en7c99)

Join us for a virtual presentation about the possibilities of assistive technology to support people affected by trauma.

This training, presented by staff from Michigan Disability Rights Coalition's Assistive Technology Program, covers topics including:

- Assistive Technology (AT) and Trauma
- Disability Pride
- AT Devices for Daily Living and Safety
- AT in IEP
- Post Trauma Resources and Transitioning

We will explore AT that youth can use at home, work, and school for safety, sensory, self-regulation, building connections, structure and routine, social and emotional development, and self-advocacy.

Who should attend? Students with a disability who have experienced trauma and those that support someone that has experienced trauma.
