Does your child have challenging behaviors at school? Come learn about services provided through the Individualized Education Program (IEP) to teach and support positive behaviors at school.

When a child with a disability demonstrates behavior that impedes their learning or the learning of others, appropriate behavioral supports may be needed to ensure a Free Appropriate Public Education (FAPE).

Join us to learn:

- What a Functional Behavior Analysis (FBA) is and how to request one
- How an FBA leads to the development of a Behavior Intervention Plan (BIP)
- How to make sure the BIP utilizes PBIS
- What to do if the plan isn't working

Who should attend? Families with a child with disabilities or learning challenges, school staff, other community members
