

# Assistive Technology for Trauma

with Ajaune Thomas and  
Aimee Sterk

Thursday, April 13, 2023

12:00pm-1:30pm

or

6:30pm-8:00pm

Register at <https://tinyurl.com/etf3th4r>

Join us for a virtual presentation about the possibilities of assistive technology to support people affected by trauma.

This training, presented by staff from Michigan Disability Rights Coalition's Assistive Technology Program, covers topics including:

- Assistive Technology (AT) and Trauma
- Disability Pride
- AT Devices for Daily Living and Safety
- AT in IEP
- Post Trauma Resources and Transitioning

We will explore AT that youth can use at home, work, and school for safety, sensory, self-regulation, building connections, structure and routine, social and emotional development, and self-advocacy.

**Who should attend?** Students with a disability who have experienced trauma and those that support someone that has experienced trauma.
