Special Education Mediation Services

Grant-Funded	Free	Federally Mandated
A Grant-Funded Initiative of the Michigan Department of Education Office of Special Education (OSE).	Offer FREE mediation, IEP facilitation and collaborative communication training to schools and parents across Michigan.	Enables the OSE to meet its obligation under the IDEA to provide statewide mediation services at no-cost to schools and parents to resolve special education disputes.

What We Do

We support students who receive special education supports and services (IFSP/IEP) birth to age 26 by fostering cooperation and effective teamwork among those who plan their education. The overall goal is to help students, parents and educators make decisions that improve education outcomes.

How We Do It

Free • Effective • Fast

Mediation

A FREE neutral mediator leads families and schools through a process to resolve conflict and come to a mutual agreement on a plan to benefit the student and improve outcomes.

Facilitation

We help families and schools navigate complex meetings, stay on task, and make sure all points of view are heard by providing a FREE neutral meeting facilitator.

Mediation and Facilitation Comparison

Mediation:

When you know you disagree.

Facilitation:

When you don't know what you don't know and you do know that you should know, call us, we'll help you.

Both are **voluntary** processes.

	Mediation	Facilitation
Goals	Resolve a specific dispute	Complete the process efficiently and collaboratively
Process	Mediator establishes	School establishes
Who attends	People who disagree	Special Education team
Existence of "sides"	Mediator must be neutral	Facilitator must be neutral

FACT CHECK!
True or false?

Attorneys and advocates have no role in mediation.

False: Mediation is designed to let educators and parents speak for themselves and develop solutions to meet student needs. Attorneys and advocates may participate in mediation to support the parties and the process.

The Mediator's Role

Will

- Remain neutral
- Conduct the mediation
- Ensure that all parties have equal opportunity to express their ideas and thoughts
- Make sure everyone abides by rules for appropriate conduct
- Help the parties stay on the topic of their disagreement
- Guide the participants towards creating an agreement
- Record the agreement.

Won't

- Take sides
- Give legal advice
- Make a decision
- Enforce decision.

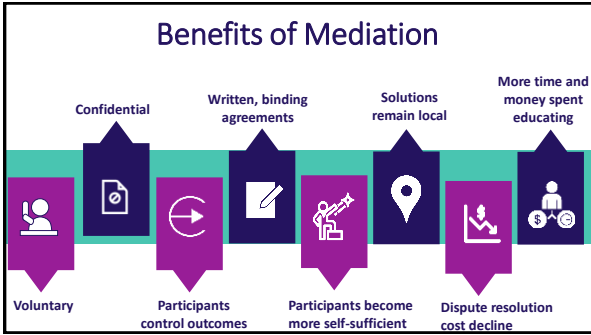

FACT CHECK!
True or false?

Mediation Agreements are written by the family and school.

True: The parties remain the decision makers in mediation. The mediator cannot decide the issues for them.

FACT CHECK!
True or false?

Mediation is considered a district failure.

False: The OSE is aware that there are disputes in special education. Its primary concern is how they will be resolved. OSEP and OSE policy favors dispute resolution among the parties first through direct talks or mediation. SEMS reports data in the aggregate only.

The Facilitator's Role

Will

- Receive information about concerns in advance of meeting.
- Acknowledge/Review agenda understanding and meeting guidelines
- Make sure everyone abides by rules for appropriate conduct
- Keep the meeting centered on the student's needs
- Help negotiate disagreements
- Keep the meeting on track and on time
- Conduct meeting if requested.

Won't

- Be a part of the team
- Give legal advice
- Take sides
- Make a decision.

20

Mediators and facilitators are NOT advocates.

FACT CHECK!
True or false?

True: Mediators and facilitators are obligated to remain neutral. Advocating for a school or parent could upset the balance between them and make solutions harder to reach.
