IDEA & MARSE

The Individuals with Disabilities Education Act (IDEA) is a law that makes available a free appropriate public education to eligible children with disabilities throughout the nation and ensures special education and related services to those children.

The Michigan Administrative Rules for Special Education (MARSE) outlines specific requirements regarding how special education is implemented in Michigan.

Individualized Education Program (IEP)

An IEP is written to ensure:

Free Appropriate Public Education in the Least Restrictive Environment

When developing the IEP, the team broadly considers the child's involvement and participation in three main areas of school life:

- General Education Curriculum
- Extracurricular Activities
- Nonacademic Activities

4 Key Components of the IEP

- Present Level of Academic Achievement and Functional
 Performance (PLAAFP)
- 2. Goals and Objectives
- 3. Accommodations & Modifications
- 4. Special Education Programs & Services

What to capture in the PLAAFP?

- · Strengths and weaknesses
- · What helps your child learn
- What limits or interferes with learning
- Current objective data
- How your child's disability impacts progress or ability to be involved in general education curriculum

Goals and Objectives

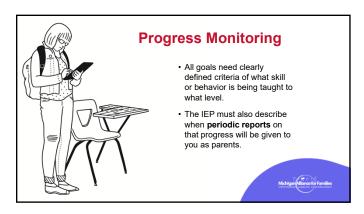

Goals and Objectives

The annual goals and short-term objectives section of the IEP builds upon your child's present levels of academic achievement and functional performance. The present levels statement identifies what your child needs. The goals and objectives should be written to address those needs.

Goals and Objectives Questions Who?... will achieve What?... skill or behavior How?... in what manner or at what level Where?... in what setting or under what conditions When?... by what time
