

Relationship Between Disability Pride and Successful Student Outcomes Post-High School

* Items directly tie to the MiConnections evidence-based Guideposts for Success

Relationship Between Lack of Disability Pride and Unsuccessful Student Outcomes Post-High School

* Items directly tie to the MiConnections evidence-based Guideposts for Success

POOR QUALITY OF LIFE – UNSUCCESSFUL STUDENT OUTCOMES

- Doesn't believe in self or see self as capable
- Decreased community involvement
- **Setting low goals or even no goals for self***
- No interest in leadership opportunities and doesn't see self as leader*
- Lack of employment (including competitive employment) and work-based learning experiences*
