**Join us for a two-part webinar to help us learn that ALL behavior is communication.**

A child's problematic or inappropriate behavior is a sign that something is not right. The child needs support, not punishment.

This webinar will help you determine what the child is saying with their behavior and how to substitute a more acceptable way to communicate that message.

## **Who should attend?**

Families with a child with a disability or learning challenge, school staff, other community members.
