Unlock the power of data! Learn to understand and utilize data alongside your knowledge of the Individuals with Disabilities Education Act (IDEA) to make changes to early childhood programs and systems.

Throughout this free, five-part series of online workshops, Family Data Leaders (FDL) will learn how to:

- ☒ Build capacity to participate in critical data decisions
- ☒ Advocate for programs/systems that impact children with disabilities
- ☒ Promote positive changes for families at local, county and state levels

Who can register for this workshop? Parents of children (birth to 12) who:

- Receive or have received *Early On* services
- Are interested in serving on local, county or state boards
- Are able to attend all 5 sessions

Registration opens 1/4 and closes 1/19 or when full
